

## Eligibility for driving lessons.

**After students attend Day 1 and 2 of class and obtain their Instruction Permit, driving lessons can be scheduled. You can schedule driving lessons on [Top Driver Signals](#).**

- Driving dates for the upcoming month are released on the second week of the current month. The In-Vehicle Training Release Schedule is located under Resources on [Top Driver Signals](#).
- A Driving Lesson report will be emailed to the parent/s after each driving lesson.
- Lessons must be 15 days apart. This is to allow time for *at home driving practice* which will reinforce the skills that we teach.
- Students MUST pass an In-Vehicle evaluation which is customarily administered on Lesson 6.
- Top Driver Signals is a live scheduling system; openings may appear at any time.
- Advanced Search is available to enable students to set specific search criteria when scheduling driving dates.
- Students are permitted 9 months from the first day of class to complete all classes and driving lessons. Students who go beyond the 9-month completion deadline will be assessed a reinstatement fee (\$150).
- Missed appointments will result in a no show/ late cancel fee. Take time to double check what you have scheduled.
- Students MUST present an original hard copy Instruction Permit at the onset of each driving lesson. Failure to produce an original Instruction Permit will result in a no show/ late cancel fee. \*NOTE - Student account must have ZERO balance to schedule driving lessons.

### Top Driver Signals Scheduling Page

**TOP DRIVER TIP:** Don't wait! Obtain your student Instruction Permit as soon as you turn 15. Schedule lessons soon to meet the state completion deadline.

**ORANGE** are driving dates which have not yet been released (check the In-Vehicle Release Calendar to see when more dates will be added).

**GREEN** are driving dates which are available to schedule (one lesson every 15 days).

**RED** are driving dates which are scheduled with other students.
